PROFILE

MCA candidate with a B.Sc. in Computer Science and a one-month web development internship. Builds PHP and MySQL web applications with user, admin and approval workflows, and develops Python projects. Seeking internship or entry-level opportunities in full-stack and game development.

EXPERIENCE

Web Development Intern | IT Links DEC 2025 · 1 MONTH

Contributed to the College Enquiry Portal during a one-month web development internship.

SELECTED PROJECTS

Ice Cream Shop Management System GitHub

PHP | MySQL | JavaScript | Bootstrap

Built a business app with a product catalogue, search, shopping cart and online ordering, plus admin workflows for products, orders, customers and inventory.

College Event Management System GitHub

PHP | MySQL | JavaScript

Created student and admin flows for event discovery, registration, participant management and feedback, supported by authentication and session handling.

Secure Document Verification System GitHub

PHP | MySQL | JavaScript | Bootstrap

Developed role-based document submission and review workflows with status tracking, admin monitoring and risk alerts for suspicious submissions.
